Design Farinola & Dalmasson

Il sostegno della schiena è un sorriso accennato, quello della tranquillità di un ambiente kitchen familiare. Le finiture dei legni e le opzioni materiali della seduta, poi, la fanno sostare serenamente anche nei living più tradizionali.

Back support is a hinted smile, that of the tranquility of a family kitchen environment. The finishes of the woods and the material options of the seat, then, make it stay peacefully even in the most traditional living rooms.
